ABOUT TECHNOLOGY XTEND

Technology Xtend was established in 2010 with a strong foundation in educational development. The company was formed with the vision of strengthening the education ecosystem through technology-driven solutions.

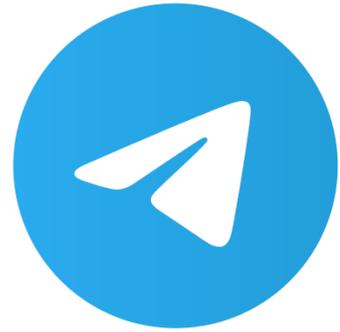

Technology Xtend is actively working with clients across different countries and corporate sectors. Over the years, we have partnered with businesses from varied industries and delivered solutions based on their specific needs rather than a one-size-fits-all approach.

We work with multiple technologies depending on the project requirements, including **React.js, Next.js, Node.js, WordPress, Shopify, Php and other modern development frameworks**. On the backend and data side, we handle databases such as MySQL, PostgreSQL, and MongoDB, ensuring stability, security, and scalability.

Complete IT Solutions Service Providers

COMPANY MISSION & VISION

OUR MISSION

Our mission is to provide end-to-end IT solutions that combine technology, creativity, and strategy. We are committed to building high-quality software, web platforms, and digital systems while ensuring transparency, timely delivery, and continuous support for our clients worldwide.

OUR VISION

To become a globally trusted technology partner by delivering innovative, reliable, and scalable digital solutions that empower businesses, educational institutions, and organizations to grow and succeed in a rapidly evolving digital world.
