

NON OFFICIAL WHATAPP BUSINESS API

Non-Official WhatsApp API is a software-based automation system that allows businesses to send bulk messages, manage contacts, and automate replies by connecting their WhatsApp number through a **QR code** scan. It is commonly used for marketing campaigns and customer engagement.

WHATSAPP API TOOLS

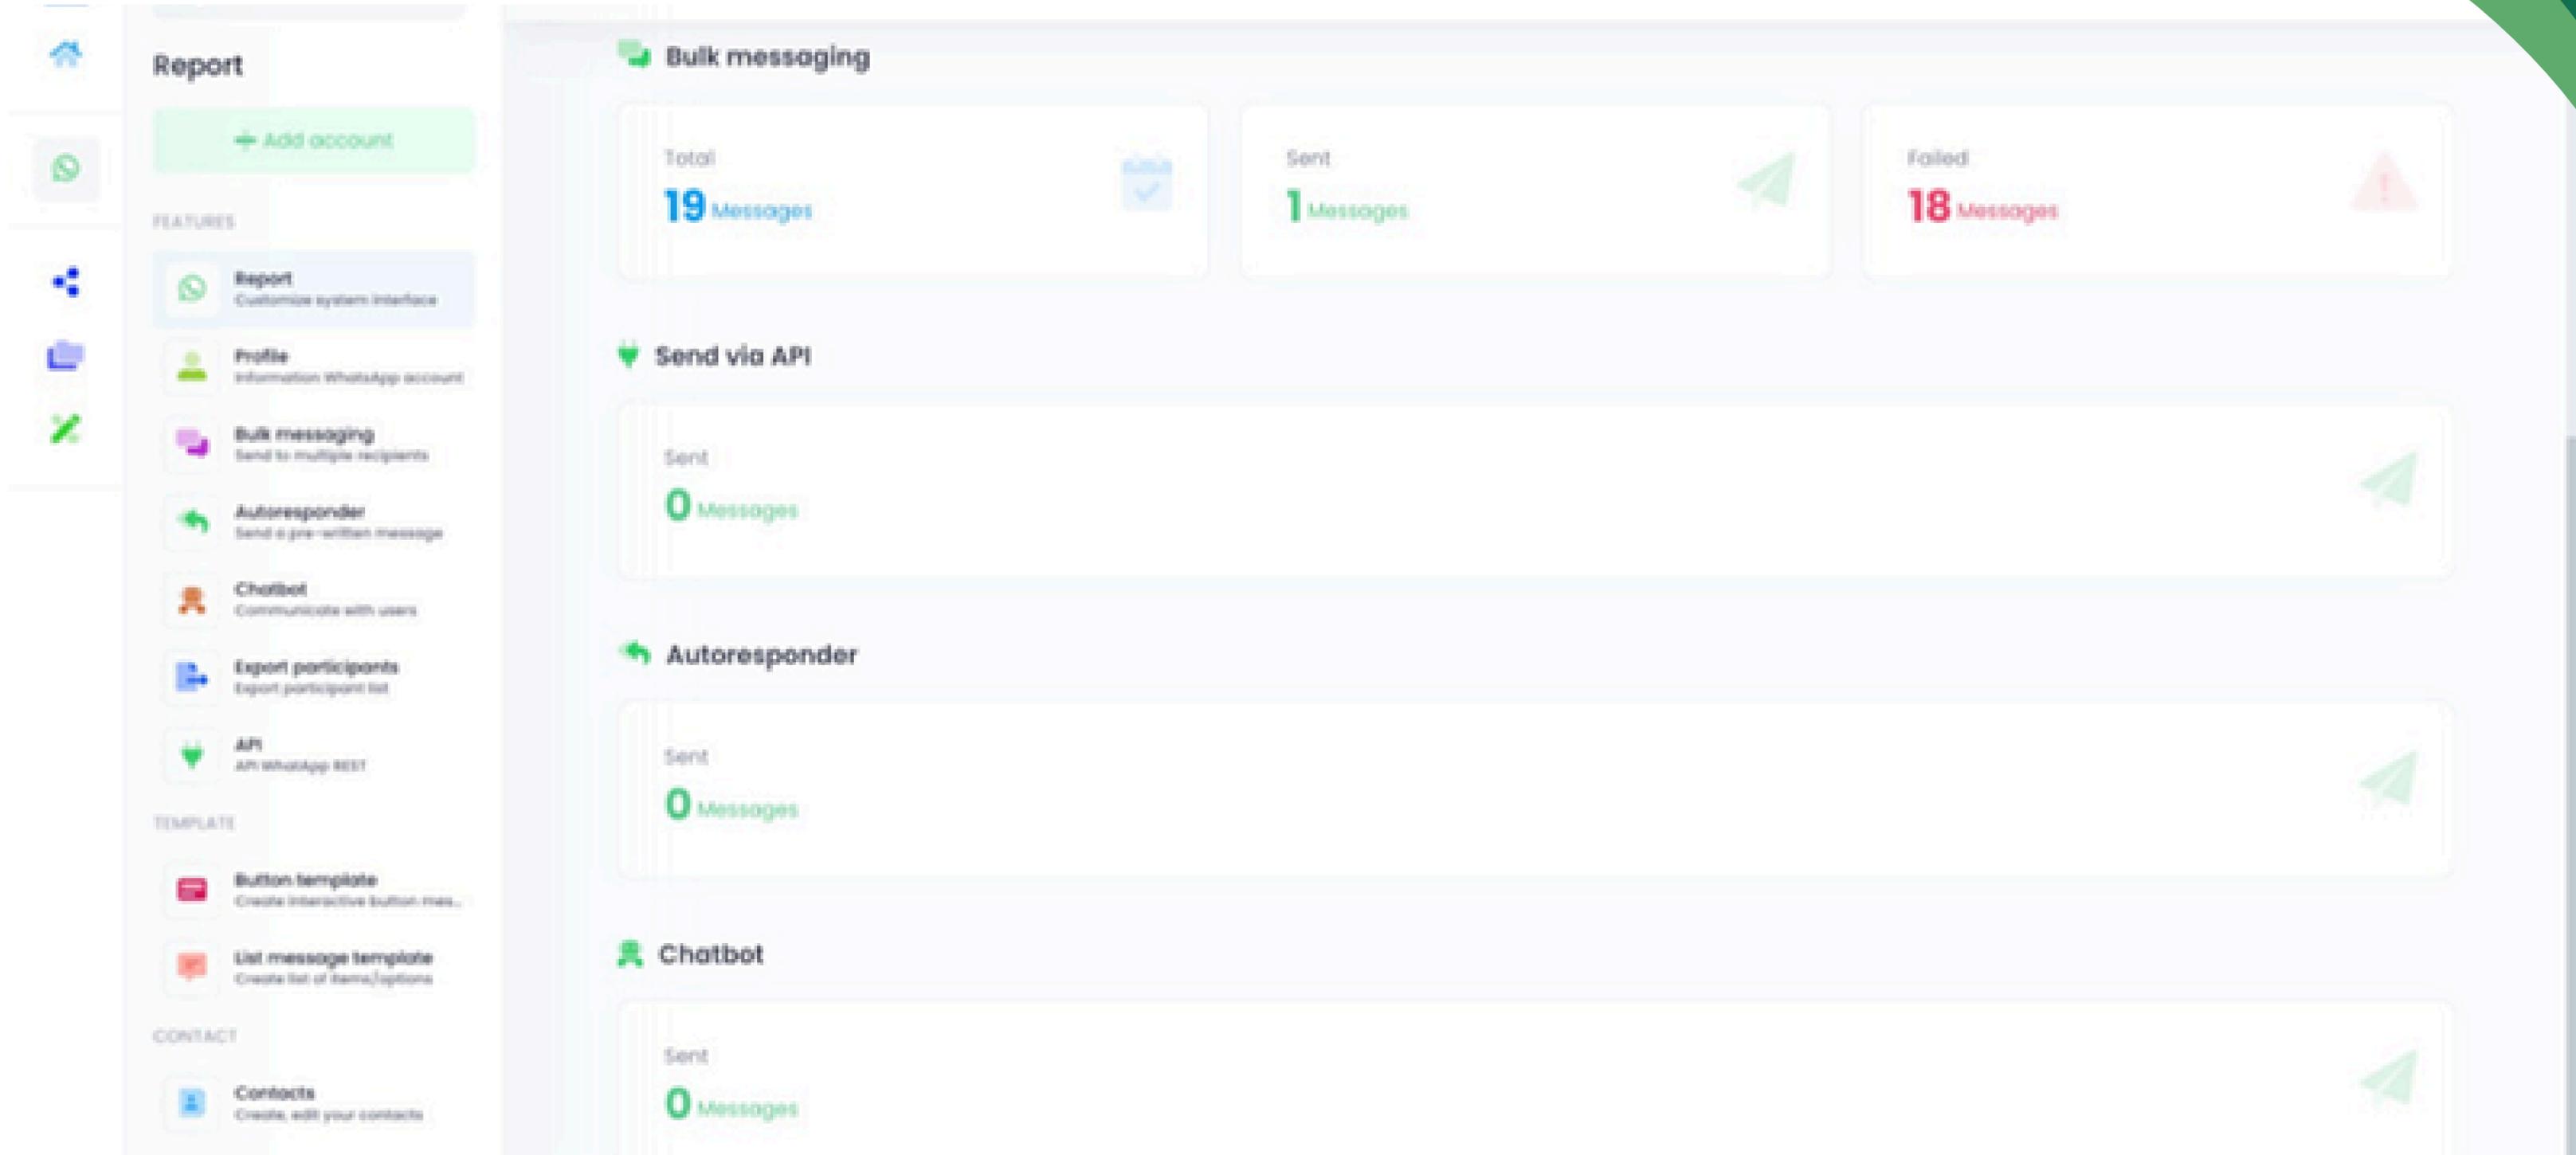

The screenshot displays the WAUTO API dashboard interface. On the left is a sidebar menu with icons for home, WhatsApp, features, and contact. The main content area is titled 'WhatsApp report' and contains several data cards:

- Message by month:** A dark-themed card showing '1/1000000' with a progress bar and a 6% label. It features an illustration of a person with a pencil and a clipboard.
- Total message sent:** A card with a donut chart and the text '1 Messages'.
- Bulk messaging:** A section with three cards: 'Total 19 Messages' (with a checkmark icon), 'Sent 1 Messages' (with a paper plane icon), and 'Failed 18 Messages' (with a warning triangle icon).
- Send via API:** A card showing '0 Messages' with a paper plane icon.

The sidebar menu includes the following items:

- Report:** Add account
- FEATURES:** Report (Customize system interface), Profile (Information WhatsApp account), Bulk messaging (Send to multiple recipients), Autoresponder (Send a pre-written message), Chatbot (Communicate with users), Export participants (Export participant list), API (API WhatsApp REST)
- TEMPLATE:** Button template (Create interactive button mes...), List message template (Create list of items/options)
- CONTACT:** Contacts (Create with your contacts)

REPORTS

The screenshot displays the WAUTO API Reports dashboard. On the left is a sidebar with navigation options: Report, Profile, Bulk messaging, Autoresponder, Chatbot, Export participants, API, Button template, List message template, and Contacts. The main content area is titled 'Bulk messaging' and shows three summary cards: 'Total 19 Messages', 'Sent 1 Messages', and 'Failed 18 Messages'. Below this are three sections: 'Send via API' (Sent 0 Messages), 'Autoresponder' (Sent 0 Messages), and 'Chatbot' (Sent 0 Messages). Each section includes a 'Sent' label, a message count, and a paper plane icon.

SEND BULK MESSAGE

The screenshot displays the WAUTO web interface for sending bulk messages. On the left is a sidebar with navigation icons and a 'Report' section containing a '+ Add account' button and a 'FEATURES' list with items like 'Report', 'Profile', 'Bulk messaging', 'Autoreponder', 'Chatbot', 'Export participants', 'API', 'Button template', 'List message template', and 'CONTACT'.

The main content area is titled 'Caption' and includes a text input field for writing a caption, a toolbar with icons for emojis, images, and a URL shortener, and a 'Random message by Spintax' section with an example and variable placeholders. Below this is a 'Time post' section with a date-time picker set to '09/03/2026 01:20 PM'. The 'Random message interval' section contains two dropdown menus for 'minimum (second)' and 'maximum (second)'. The 'Schedule time' section has radio buttons for 'Daytime', 'Nighttime', 'Odd', and 'Even', and a 'Select time' dropdown. A note explains that the schedule allows for unique timing and can be set empty to run anytime. At the bottom, there are 'Back' and 'Schedule' buttons.

SET AUTORESPONDER

The screenshot displays the WAUTO dashboard with a sidebar on the left and a main content area on the right. The sidebar includes a 'Report' section with an 'Add account' button and a 'FEATURES' section with various tools like 'Report', 'Profile', 'Bulk messaging', 'Autoreponder', 'Chatbot', 'Export participants', and 'API'. The main content area is titled 'Autoreponder' and shows configuration options for a contact with ID 12896943101. The 'Status' is set to 'Disable', and the message is sent to 'All'. There are tabs for 'Text & Media', 'Buttons', and 'List messages'. A 'Media file' section has a 'SELECT MEDIA' button and a 'File manager' link. A 'Caption' section has a text input field.

BUTTON TEMPLATES

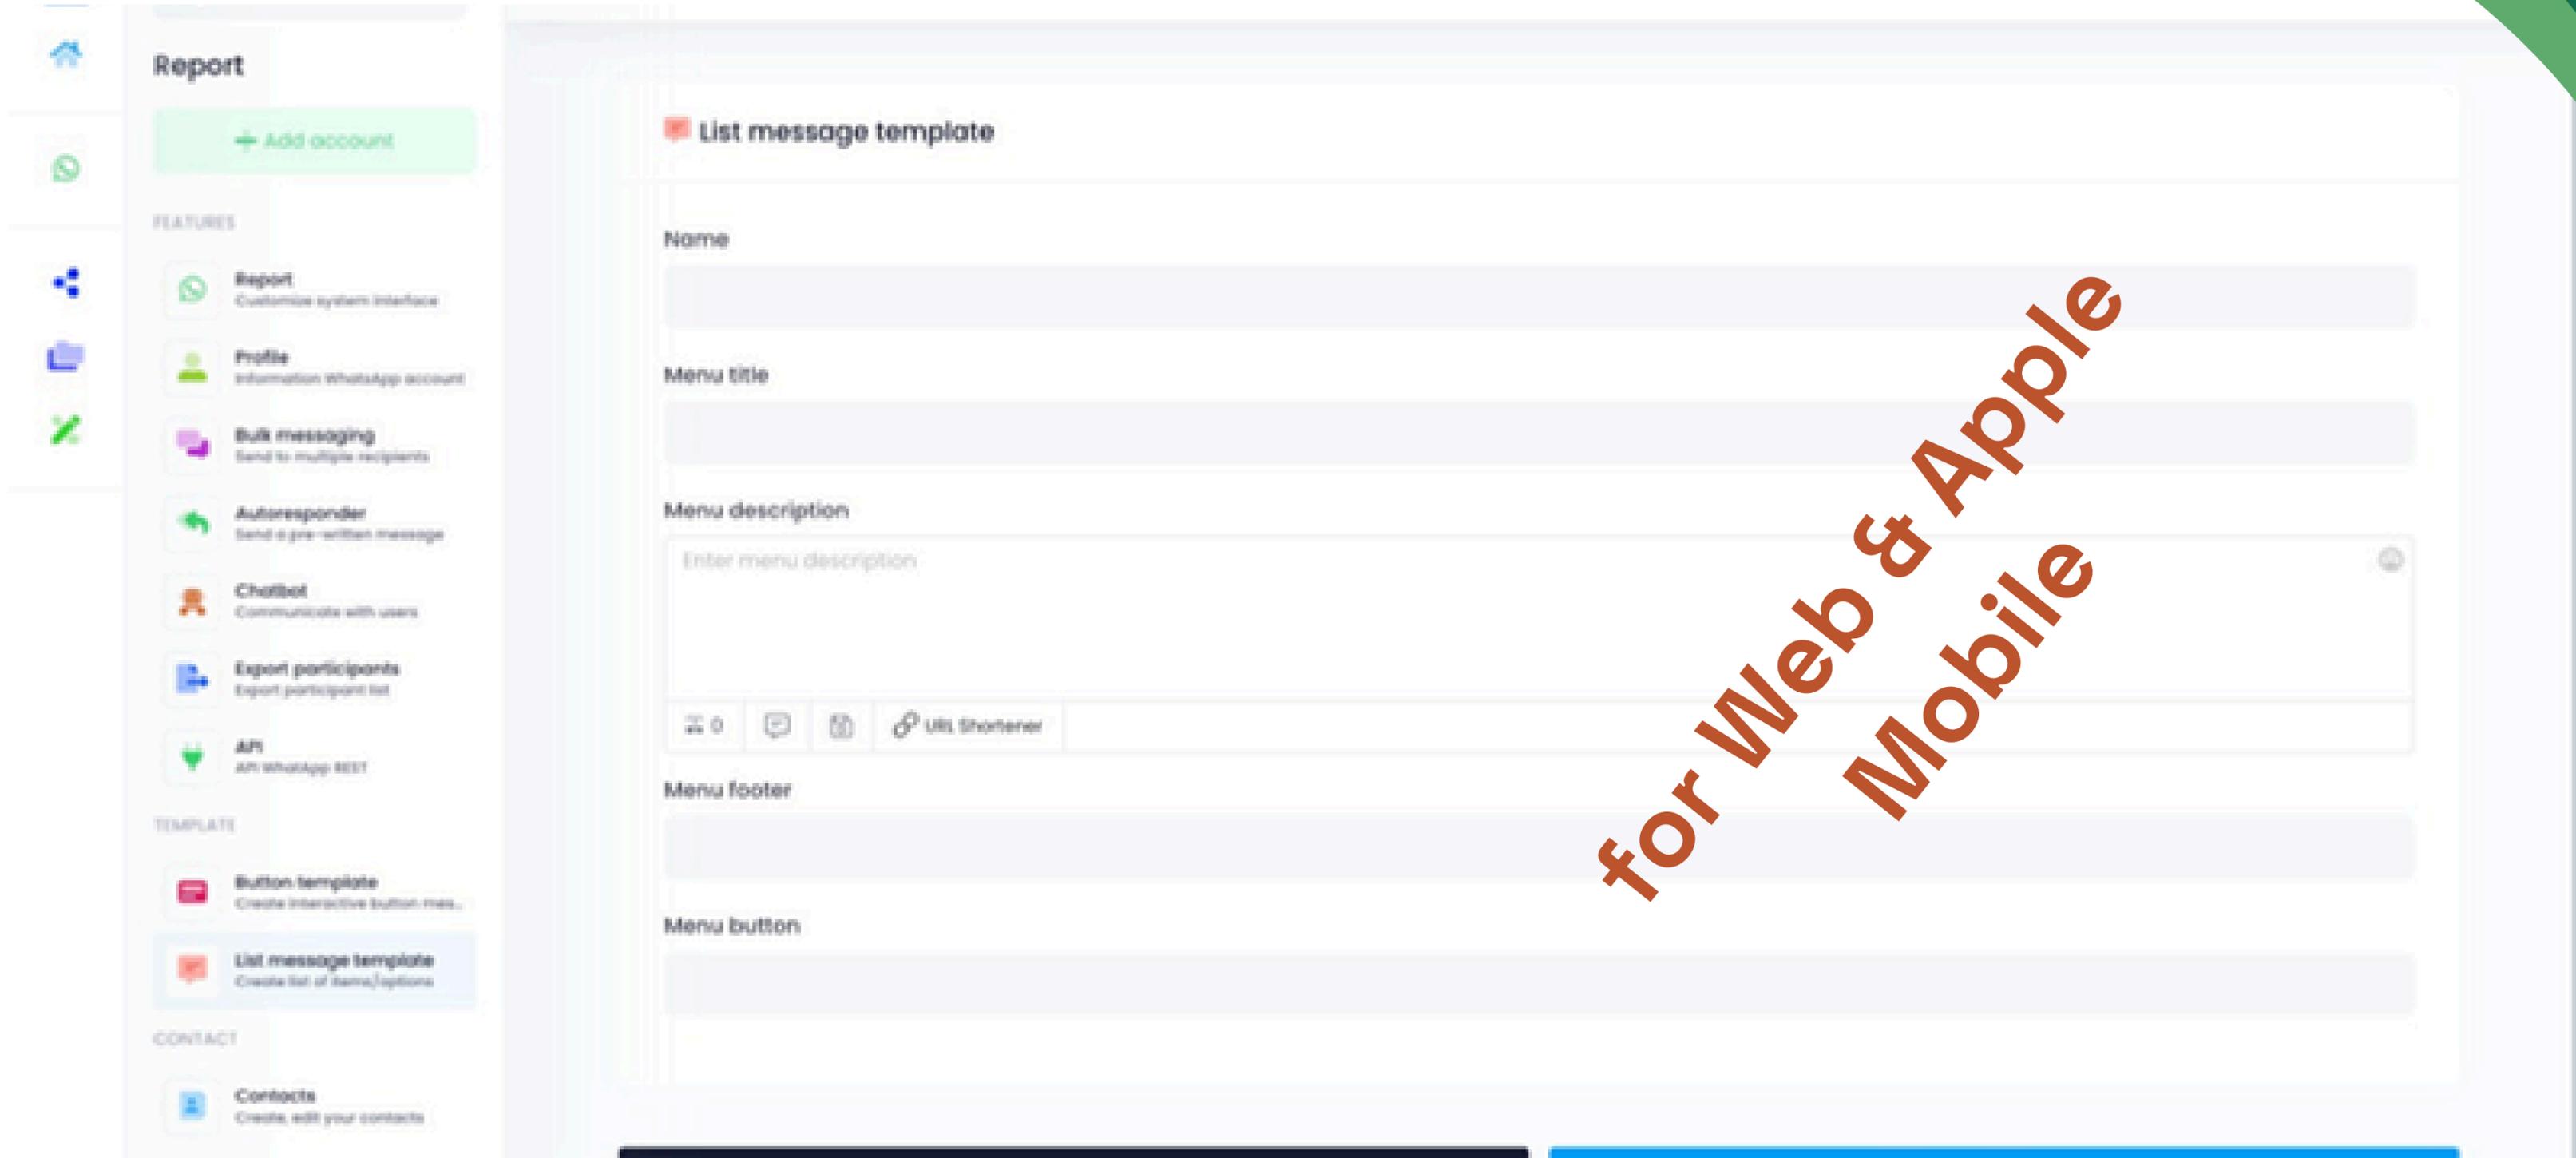

The screenshot displays the WAUTO API dashboard with a sidebar on the left and a main content area. The sidebar includes a 'Report' section with an 'Add account' button and a 'FEATURES' section with icons for Report, Profile, Bulk messaging, Autoresponder, Chatbot, Export participants, and API. The main content area is titled 'Button template' and contains the following fields:

- Name:** A text input field with the placeholder 'Enter template name'.
- Main image:** A large text input field with the placeholder 'SELECT MEDIA'. Below it is a 'File manager' button and a download icon.
- Main description:** A text input field with the placeholder 'Enter main description'.
- Footer:** A text input field with the placeholder 'Enter footer content'.
- List button:** A section for configuring list buttons, currently empty.

A large, diagonal watermark in the center of the interface reads 'for Web & Apple Mobile'.

LIST MESSAGE

The screenshot displays the WAUTO dashboard with a sidebar on the left and a main content area on the right. The sidebar includes a 'Report' section with an 'Add account' button and a 'FEATURES' section with icons for Report, Profile, Bulk messaging, Autoresponder, Chatbot, Export participants, and API. The 'TEMPLATE' section is highlighted, showing 'List message template' as the selected option. The main content area shows the 'List message template' form with fields for Name, Menu title, Menu description, Menu footer, and Menu button. A large orange watermark 'for Web & Apple Mobile' is overlaid on the form.

CONTACT GROUPS

The screenshot displays the WAUTO API interface. On the left is a sidebar with a 'Report' section containing an 'Add account' button and a 'FEATURES' list: Report (Customize system interface), Profile (Information WhatsApp account), Bulk messaging (Send to multiple recipients), Autoresponder (Send a pre-written message), Chatbot (Communicate with users), Export participants (Export participant list), and API (API WhatsApp REST). Below features are 'TEMPLATE' options: Button template (Create interactive button mes...) and List message template (Create list of items/options). At the bottom of the sidebar is a 'CONTACT' section with a 'Contacts' button (Create, edit your contacts).

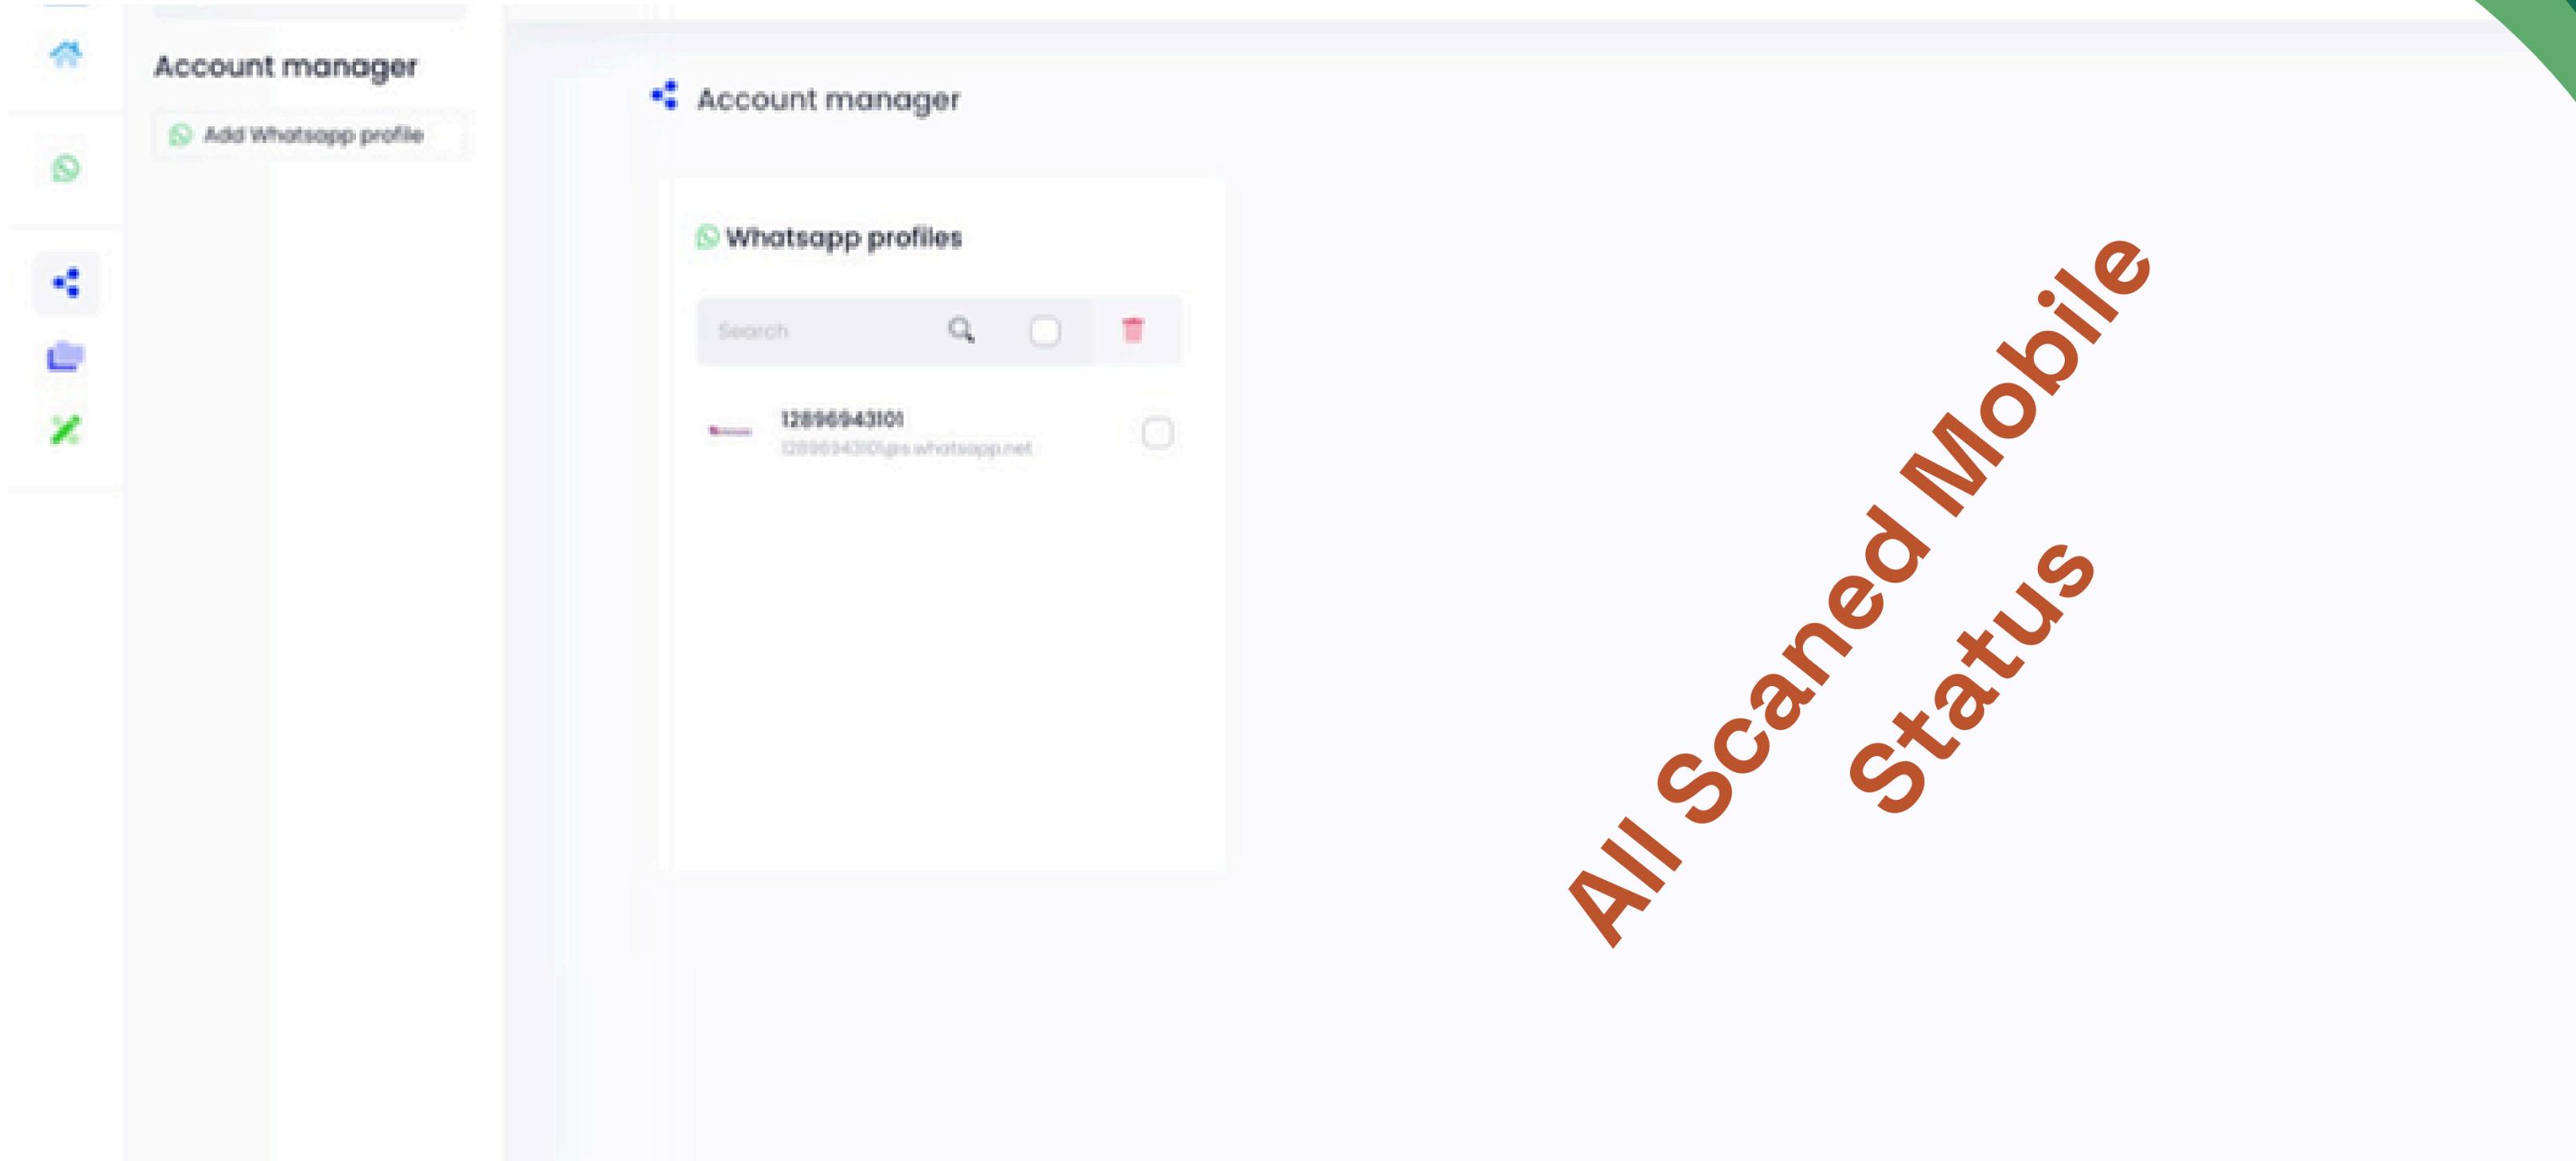

The main area is titled 'Contacts' and includes a search bar. It displays three contact groups:

- muslim.xlsx**: 1,690 contacts. Includes icons for edit, refresh, and delete.
- jaswanth**: 1,860 contacts. Includes icons for edit, refresh, and delete.
- bat**: 1,934 contacts. Includes icons for edit, refresh, and delete.

At the bottom center, there is a pagination control with a blue button labeled '1' and arrows on either side.

SAVE MEDIA FILES

The screenshot displays a file manager interface with a sidebar on the left and a main content area. The sidebar contains icons for home, search, and other functions. The main content area shows two files: a video file named "WhatsApp Video 2026-02..." (9.47MB) and an image file named "WhatsApp image 2026-02..." (417.85KB). The image file is a poster for "Kata Shyam Kumar" featuring a man in a red scarf. The right sidebar includes a "Select all" button, a "New folder" button, an "Upload" section with a "Drop & Drop files here" area and a "Browser Files" button, and a "Filter" section with a search bar and a "Media Type" dropdown set to "All Media". At the bottom, a "Media info" section shows a progress bar for 9.87MB used out of 10000MB total, and a list of files: Images (417.85KB) and Videos (9.47MB).
