# INBOX & CHAT CONTROL

The screenshot displays a comprehensive chat management interface. On the left is an inbox with a search bar and filters for 'All', 'Read', and 'Unread'. It lists several chat threads with contact names and dates. The main area shows a chat with 'Boorish Homestay' (+919933358448) containing a request for booking details and a response from 'Technology Xtend' with service options. On the right, there are control panels for 'Chat note' (with a rating of 0/10), 'Response Window' (showing a 24-hour expiration), 'Chat Label', 'Active Chatbots', and 'Assign agent'.

# LIVE CHATBOAT

The screenshot shows the WAUTO API Live Chatbot management interface. On the left is a sidebar with a navigation menu containing 'Create Flows' and 'Live Chatbot'. The main area is titled 'Auto chatbot' and features a table of flow sessions. A modal window is open, showing a 'Choose source' dropdown set to 'Chatbot' and a list of 'Available Variables' including '[[ {{source.message}} ]]', '[[ {{source.message}} ]]', and '[[ {{source.message}} ]]'.

# CREATE META TEMPLATES..

A screenshot of the WAUTO web application interface for creating a WhatsApp template. The interface is divided into a left sidebar, a main content area, and a right preview area. The sidebar contains navigation links: 'Make Template', 'Send Campaigns', and 'Campaign Dashboard'. The main content area is titled 'Create WhatsApp Template' and includes a sub-header 'Create a new message template for your WhatsApp Business account. Templates must be approved before use.' Below this is a progress bar with five steps: 'Basic Information', 'Header Configuration', 'Message Body', 'Buttons &amp; Actions', and 'Variables &amp; Examples'. The 'Message Body' step is currently active. It features a large text input field for the message body, a smaller input field for the header, and a section for 'Body Text Guidelines' with four bullet points: 'Use clear, concise language', 'Add variables using the {{}} syntax', 'Provide examples for all variables in the next step', and 'Header text is optional and limited to 60 characters'. At the bottom of the main area are 'Back', 'Hide Preview', and 'Next' buttons. The right preview area shows a WhatsApp message card with a green header, a white body, and a 'Review' button.

# META CONNECTIVITY

The screenshot displays the WAUTO dashboard interface. A modal window titled "Meta API keys" is open, showing configuration options for a Meta API key. The modal includes tabs for "Profile", "Meta API Keys", and "Subscription". Under the "Meta API Keys" tab, there are "Embed" and "Manual" buttons. The "Your webhook URL" field contains a partially visible URL: "https://api[...].in/api/inbox/v...". Below this, there are input fields for "WhatsApp business account ID" (value: 550904672303), "Meta access token" (value: EAACVYRiLm8t8PhY7G2ANZBnAg8B00m2Cv88dov\_8HmoeIpa\_2vFwv4M2ICP7s), "WhatsApp phone ID" (value: 550904670079), and "App ID" (value: 7042620452239). At the bottom of the modal are "Save" and "Fetch Request" buttons. The background dashboard shows a sidebar with "Agents Login", "Agent Toolkit", and "Chat Widget". The main content area is titled "Agents" and includes an "Add Agent" button. On the right, there is a "Technology Brand" section with a list of items: "Meta API keys", "Profile", "Subscription", and "Logout".

# ALLOTTED SERVICE

The screenshot displays the WAUTO management interface. On the left, a sidebar contains navigation items: Agents Login, Agent Toolkit, and Chat Widget. The main content area is titled 'Agents' and includes an 'Add Agent' button. A modal window titled 'Subscription' is open, showing a 'Premium Plan' with the following details:

Feature	Status
Chat tags	✓
Chat notes	✓
Auto checkout	✓
Phonebook contacts limit	100,000
API access	✓
Plan duration	12M
Plan expiry	In a year

At the bottom of the modal is a 'Check Plans' button. The background interface shows a table with columns for 'Auto login', 'Name', and 'Email', and a right-hand sidebar with user profile options like 'Help API keys', 'Profile', 'Subscription', and 'Logout'.
